

**Eltec Instruments, Inc. RoHS (Restriction of Hazardous Substances) / REACH
(Registration Evaluation Authorization and Restriction of Chemicals) Declaration**

Eltec Instruments, Inc. is a small privately held U.S. Corporation involved in specialized pyroelectric infrared detector technology, the designs and developed manufacturing processes and techniques for which are considered valuable company-proprietary trade secrets.

Under the structure of the REACH Regulation, Eltec is a manufacturer and supplier of "articles". We do not manufacture or supply "substances" or "preparations" and our articles do not involve the "intentional release of substances". Therefore, there is no registration or pre-registration requirement for the product(s) we supply to you.

While Eltec considers many of its products to be RoHS/REACH compliant, Eltec will not disclose substance percentages. Statements regarding individual products purchased from Eltec will be provided on a per request basis.

Eltec bases its material content knowledge on information provided by third parties. Eltec has taken and continues to take reasonable steps to provide accurate information, but has not conducted destructive testing nor chemical analysis of incoming materials.

Statements provided are based on information that Eltec believes to be reliable to the best of its knowledge on the date stated. However, Eltec Instruments, Inc. assumes no responsibility for inaccuracies or omissions and makes no warranties express or implied as to its accuracy or that the information will not change. The information provided is for the sole use of Eltec customers and is not for disclosure to others. Eltec customers use this information at their own risk. They have an independent obligation to determine the proper use of this information and that their use is consistent with all applicable laws, rules and regulations.
